Civic Works' Annual Day of Service

October 7, 2023

Day of Service is a day of high energy and major impact! Each year, hundreds of volunteers join us to clean parks and vacant lots, plant trees, paint schools, repair homes for older adult residents, create community gardens, and more.

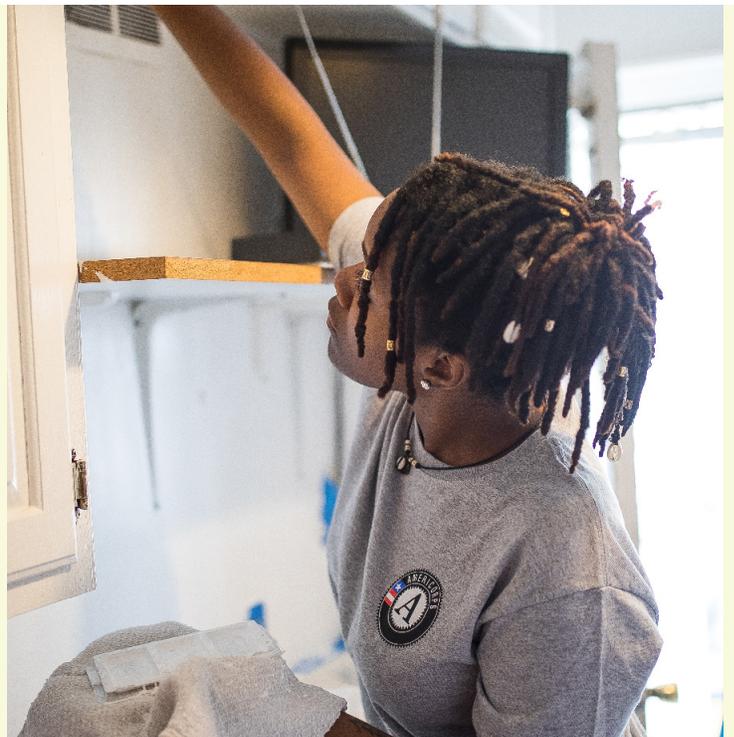

Day of Service volunteers:

- Improve public parks and local farms
- Transform vacant lots into community green spaces
- Made safety repairs at 3 homes belonging to low-income seniors
- Clean and improve communities
- Help our nonprofit partners at Second Chance, The Loading Dock, ShareBaby, Baltimore Community ToolBank and more!

When you sponsor Day of Service, you support the hard work of our volunteers and the communities we serve.

Sponsors are recognized before, during and after the event through our website and social media outlets and event signage.

Sponsorship Opportunities and Benefits

Lead Sponsor - \$10,000

- Prominent placement of name and logo in all pre- and post-event marketing, press releases, and event signage

- Your company logo on a Day of Service project site sign
- Recognition on Civic Works' social media, email newsletters, and website

Civic Works' mission is to strengthen Baltimore's communities through education, skills development, and community service. Our programs build brighter futures, provide healthy food, create green communities, and create safe and affordable homes. Our staff, AmeriCorps members and volunteers make daily improvements to the lives of Baltimore's low-income residents and the communities they call home.

Since 1993, Civic Works has:

- Converted 286 vacant lots into community gardens and green spaces
- Made energy efficiency improvements in 25,875 homes
- Improved the homes of over 4,575 older adults with safety modifications
- Tutored and mentored 58,190 students
- Provided service opportunities for 5,910 AmeriCorps members
- Engaged 56,692 volunteers in community service projects
- Placed 1,216 participants in sustainable careers
- Distributed 239,453 pounds of fresh produce to local communities
