Ricky Myers Day of Service - October 3, 2026

Martin Luther King, Jr. Day of Service - January 18, 2027

Civic Works' Annual Ricky Myers Day of Service and MLK Day of Service are days of high energy and major impact! Each year, hundreds of volunteers join us to clean parks and vacant lots, plant trees, paint schools, repair homes for older adult residents, create community gardens, and more.

Day of Service volunteers:

- Improve public parks and local farms.
- Transform vacant lots into community green spaces
- Make home repairs for low-income seniors
- Remove trash and debris from communities.

When you sponsor Day of Service, you support the hard work of volunteers and communities.

Sponsors are recognized before, during and after the event through our website and social media outlets and event signage.

Sponsorship Opportunities

Community Champion - \$10,000

- Prominent placement of name and logo in all pre- and post-event marketing, press releases, and event signage for the Ricky Myers and MLK Days of Service.
- Priority in placing volunteers at a Day of Service project site
- Your company's logo on a Day of Service project site sign
- Promotion of your company on Civic Works' social media
- Recognition in Civic Works publications and website

Civic Works' mission is to strengthen communities for people of all ages through education, skills development, and community service. Our programs build brighter futures, provide healthy food, create green communities, and establish safe and affordable homes.

Since 1993, Civic Works has:

- Converted 301 vacant lots into community gardens and green spaces
- Made energy efficiency improvements in more than 28,331 households
- Improved the households of over 5,206 older adults with safety modifications
- Tutored and mentored 60,500 students
- Provided service opportunities for 6,289 AmeriCorps members
- Engaged 58,754 volunteers in community service projects
- Placed 1,616 people in full-time jobs
- Distributed more than 354,000 pounds of healthy locally-grown produce to local communities
